MEMORANDUM TO THE FILE

SUBJECT: Telephone call from DD/I of 21 August regarding AD/SI's
memo to him dated 1 August 1952 re the Becker S&T Report

1. Becker asked AD/SI to withdraw the paper on the ground that discussions with HMC, and particularly the meeting with the O/SI Division and Branch Chiefs on 21 August had clarified DD/I's position regarding the referenced memorandum. HMC did not accept the proposal, but instead suggested as an alternate that he, DD/I, mark those sections of the paper in pencil with which he was not in agreement, and return to O/SI so that we would have a confirmed statement of at least those sections with which he was in agreement. DD/I agreed to do so.

2. Another memorandum of conversation on this same subject will be forthcoming under date of 22 August 1952.
